WEDNESDAY, FEBRUARY 27th		WEDNESDAY, MARCH 6th	
4:20 - 4:40		4:20 - 4:40	
4:40 - 5:00	Parent reserved	4:40 - 5:00	Parent reserved
5:00 - 5:20		5:00 - 5:20	Parent reserved
5:20 - 5:40		5:20 - 5:40	
5:40 - 6:00		5:40 - 6:00	

## Book It!

For students to participate in Book It!, they must read 30 minutes a day and record the minutes on the provided calendar (this calendar was given out at the beginning of the month). Students can earn a coupon for a FREE PERSONAL PAN PIZZA FROM PIZZA HUT for fulfilling this goal. How exciting! So keep reading in your evening routines! Enjoy!

**LINK : [FEBRUARY BOOK IT! CALENDAR](#) is DUE MARCH 1st**

## Reminder to ALL 5th & 6th Grade Families:

Please have your child practice their math facts regularly as it helps them complete their assignments faster and with better understanding. I recommend 10 minutes a night until mastery.

---

### 6th Grade Math Workshop

Day	Lesson #	Learning Objective
Monday	-	<b>NO SCHOOL - PRESIDENTS DAY</b>
Tuesday	18	Writing and Evaluating Expressions - Addition and Subtraction
Wednesday	19	Substituting to Evaluate Addition and Subtraction Expressions
Thursday	20	Writing and Evaluating Expressions - Multiplication and Division
Friday	<b>ASSESS</b>	<b>Mid-Module 4 ASSESSMENT</b>

## SCIENCE

### **UNIT OF STUDY: Solar System**

Current question of study...

- **What causes the cycle of the seasons on Earth?**

This week students will be creating models of Earth on its axis. Students will be learning about what happens to Earth in all four seasons and will be able to explain this when finished.

---

### **Current Science Standards Taught**

**E.ES.05.61 Demonstrate and explain seasons using a model.**

**E.ES.05.62 Explain how the revolution of the Earth around the sun defines a year.**

### **VOCABULARY**

- sphere
- hemisphere
- equator
- axis
- tilt
- orbit
- rotate
- direct
- indirect
- solstice
- equinox
